

HOW TO LOAD
THE KEYS OF ACHERON
DUAL FORMAT DISK

APPLE

*Boot up your HELLFIRE WARRIOR disk following the loading instructions that came with your game. At the point where the computer asks you if you want to re-enter a saved level, answer "Y". You will be asked to insert the disk with the saved level. At this time, insert THE KEYS OF ACHERON disk and press the "Return" key. Enter a level number between 5 and 8 and hit the "Return" key. You will then be asked to insert the disk holding the Dunjonmaster program. At this point, put the HELLFIRE disk back in and press the "Return" key. You are now ready to begin play. (If you have a 16 sector HELLFIRE WARRIOR program that is version 2, return it to us and we will replace it with a version 3 at no charge).

TRS-80

Boot up your HELLFIRE WARRIOR disk following the loading instructions that came with your game. At the point where the computer asks you which level you wish to enter, remove your HELLFIRE WARRIOR disk and insert THE KEYS OF ACHERON disk. Type a number between 5 and 8 and hit the "Enter" key. You are now ready to begin play. At some point before you leave the dunjon, you must remove THE KEYS OF ACHERON disk and reinsert HELLFIRE WARRIOR.

*THE KEYS OF ACHERON is a 13 sector disk. If you have Apple 3.3 DOS, you will need to muffle the program first.
