Numbers 1, 3, 7, and 9 take the cursor directly to the corners of the display; use the even-numbered keys for finer navigation.

You can use a mouse if you have installed a compatible mouse driver. The left mouse button corresponds to "enter." Use the right mouse button (or right joystick button if you have a two-button joystick) to override cut scenes while playing the game. To select joystick or mouse type :

shift J— Toggle joystick on/off

shift C— CGA mode

shift H— Hercules mode

shift T— Tandy® 16-color mode
