

APVENTURE To ATLANTIS

HINT SHEET

These hints (particularly those in code) should only be used if you get stuck and cannot continue. All codes on this page are shifted 2 letters.

WHERE

EVERYWHERE:

1. To unscramble codes, shift the letters of the alphabet 1-5 characters.
2. The orb is very useful if you're near death.
3. Wizards like spells.
4. If you ever lose the ENCHANT Spell or the MAGIC DETECT, give it up.
5. If you bomb the program (hit reset, open disk door while reading, etc.), reboot and select an old game. It will automatically pick up near where you blew it.

ON LAPOUR:

1. To get off the island, ECRVWTG CP QTPKVJQRVGT.

2. To refuel, you use the GPEJCPV URGNN.
3. Refueling takes place in the room YKVJ PQ FQQTU.
4. If you use your orb to return to Lapour, you keep your character but start over with no wizards, spells, etc.

IN BUILDINGS:

1. Desertions — See discussion of morale in Section III.
2. You can drop spells in the building. Once dropped, you can't pick them up again.
3. You can find spells by using OCIKE FGVGEV URGNN.
