## NEED A BACKUP DISK?

The disk(s) in this package, for one reason or another, cannot be copied by ordinary methods. As always, if your original disk(s) will not load within the first year of purchase, we will replace it for free. (After one year, it will cost you \$5.00 for handling.)

To hold you over should anything unpleasant happen to your original, you might want to purchase an additional copy of this program. This will insure that you always have at least one working copy of the program on hand, in case you have to send us a bad one for replacement.

This card will allow you to purchase **one** additional copy of this program at a cost of \$4.99. (You will only receive the media - and not any additional packaging or documentation.)

Stock #: 045-0201

Name of Program: S.A.G.A. #1
