Wearing shoes is a terrible price to pay for an education, according to Ingrid Larsen, coed at the University of Minnesota and a member of Delta Delta Delta sorority. At home in Hawaii she never wore shoes, so Miss Larsen dons hers as soon as she gets home from classes. Above, barefooted, she is garbed in a holoko, formal Hawaiian party dress.

## MORTGAGE BURNED BY MESA CHURCH

A \$16,000 mortgage was burned last night at a Victory dinner staged at the Community church at Costa Mesa with more than 250 persons attending. The ceremony was conducted by the chairman of the church board, Donald J. Dodge.

The mortgage was liquidated for approximately \$12,000. It was stated that \$4000 of the required sum was raised by the Costa Mesa church, \$4000 was given by the San Diego district of Methodist churches, and a long time loan of \$5000 by the Methodist board of Home Missions.

Everett Rea, viceprincipal of the Newport Harbor Union high school, was program chairman. Speakers were the first pastor of the church who served during the construction of the edifice in 1928, the Rev. Lyman L. Bayard, of Huntington Park, and the Rev. Lawrence Warren of Chino. The Rev. Harold Smith, present pastor, also took part in the program.

## BEACH BOY TESTED FOR PICTURE ROLL

HOLLYWOOD, Feb. 1.—(UP)—His voice in a church choir and his face on a Christmas card brought a youngster from nearby Long Beach a film test today for the role of the prodigal son.

The boy is Freddie Oldham, a boy chorister at St. Luke's church. For three weeks Metro-Goldwyn-Mayer studio had hunted for a boy who might resemble Eddy in boyhood. The child also had to be able to sing beautifully. Eddy, singing star, "grows up" in his next picture, "The Girl of the Golden West." The shrill voiced boy singer will play the role for the prologue scenes.

Frank Whitbeck, film writer, called the studio's attention to the Long Beach boy. He had been using Freddie's face on his Christmas cards. A studio scout heard Freddie sing and called him to the studio.

## Works Many Years With Broken Neck

ERITH, Eng. Feb. 1.—(UP)—Colleagues of Douglas James Rickman, middle-aged laborer, said today that he had worked for 12 years without knowing that he had broken his neck.

His friends asked him why he held his head in such a strange position when carrying a sack of coal. He told them that his neck "felt funny."

Rickman took their advice and saw a doctor. He was informed that his neck was broken. Rickman said he fell into the hold of a ship 12 years ago.

# BORAH WARNS OF WAR

## G.O.P.-Bourbons Rapped By Solon

## S.A. BUSINESS MEN WARNED BY SENATOR

Both the Democrats and Republican parties have failed to solve the American economic problem, are "patching" the effects instead of curing the cause; machines have wiped out employment, and a new monetary system, or medium of exchange must be found to restore purchasing power of their customers, Senator George W. Borah, of Los Angeles, told the Home Owned Business Association of Santa Ana this morning.

Unless the 11,000,000 unemployed of the country are given a chance to participate in national production and share in national income; unless the business men and women of America have the vision to save the situation within the next decade, there will be a national economic collapse, and a "man with a sword will come by on a horse and save it for them," warned the speaker, who addressed the local organization at a breakfast in Daniger's cafe.

**Lacked Vision**

Europe lacked the vision; Latin American nations lacked the vision, and dictators took over their countries, he said. Hitler and Mussolini took advantage of the necessity for the unemployed to eat.

If this country continues on the profit system, a new way, other than work and wages, must be found to restore purchasing power

## COLD WAVE IN EAST BROKEN

BY UNITED PRESS

Winter's severest cold wave, which tumbled temperatures below zero in the north central states, loosened its hold today and moved north-eastward into Ontario.

The mercury began a slow rise throughout the Mississippi and Ohio valleys. U.S. Forecaster J. R. Lloyd said the wave practically was ended in the middle west.

As the great mass of frigid air moved into Canada, it fringed for the first time along the Atlantic seaboard. At New York City, where the temperature had help up near the fifties while the midwest shivered in bitter cold, the mercury

## OFFICIAL REVEALS CAUSE OF TRAGEDY

FLAGSTAFF, Ariz. Feb. 1.—(UP)—Department of Air Commerce inspectors said today that Gerrard Vultee, aircraft designer, probably was trying to fly his plane into a canyon below Wilson Mountain to escape a snowstorm Saturday when he crashed it, killing himself and his wife.

Inspector Ram E. Dake, of Los Angeles, and his assistant, C. Wright, of Los Angeles, visited the scene eight miles north of Sedona where the wreckage lay, and estimated that Vultee had undershot his mark by 500 yards when he tried to cross the mountain to the valley. The wreckage was burned.

Bodies of Vultee and his wife were removed from the scene yesterday on stretchers after a coroner's inquest. The bodies were to be cremated today at Phoenix. The ashes will be strewn over the Pacific ocean, in accordance with the wishes of Mrs. Vultee's father, Max Parker, who is art director of Warner Bros., motion picture studio in Hollywood.

## DAN CUPID RAMPANT AS NEW RECORD SET

SACRAMENTO, Feb. 1.—(UP)—The little man with the bow and arrow set an all time high record in 1937, when 64,397 marriages were performed in California, the state department of public health released today.

June, with 8,081 marriages recorded, was the highest month while February's total of 4000 was the year's lowest mark.

Of the seven per cent advance over the 1936 figure of 60,197, Los Angeles county contributed 2175 of the 5200 increase.

## Fear Lost Boy Victim Of Cougar

COVELO, Calif., Feb. 1.—(UP)—Deputy Sheriff C. H. Lovell, leader of a peace of 200 men who have been searching three days for four-year-old Teddy Thompson, lost in the Mendocino mountains, said today he had abandoned hope the child would be found alive.

"It would have been impossible for the boy to stay alive three days under present weather conditions," Lovell said.

**Tracks Covered**

Snow fell in this area today, covering both the footprints of the boy, found near his parents' cabin, and the parallel tracks of a mountain lion. The boy's bare footprints, outlined in soft mountain earth, ceased where they crossed those of the animal's.

"Whether the child was the victim of a mountain lion or of the cold weather is hard to guess," Lovell said, "but we all are certain he is not alive."

Thinly clad, the boy wandered away from his parents' cabin Saturday afternoon in his remote mountainous section.

The searchers included several Indians of the Round Valley reservation who were more familiar than the woodsmen with the mountain trails and ways of the wild animals that frequent them.

## COUNTY LOSES IN DAMAGE SUIT

The county lost another lawsuit last night as the result of the crash of a county ambulance last June, a jury in Superior Judge H. G. Ames' court returning a verdict of \$6000 damages in favor of Roy Head, owner of a service station wrecked and burned when the ambulance collided with the car of Charles C. Wilson and then plunged into the service station at First street and Harbor boulevard.

The jury at the same time, gave Wilson his second clearance of responsibility for the crash, by denying Head's claim against him. Wilson previously had won a \$2800 damage judgment against the county, later settling it for \$2500.

**Faces Third Test**

But Wilson today faced his third court test of responsibility, as a jury in Superior Judge G. K. Scovel's court started trial of a \$25,000 damage suit brought against Wilson by Mrs. Ernest Biggs, wife of the ambulance driver who died in the wreck and fire, together with his helper.

The Biggs suit has been tried once before, resulting in a jury disagreement.

Attorneys Milburn Harvey, Santa Ana, and A. P. G. Steffes, Los Angeles, represent Mrs. Biggs in the suit. Wilson being defended by Attorneys David French and Rutan, Mize and Kroese, who also defended him in the Head suit yesterday.

Head had sued both Wilson and the county for \$15,000. The jury received the case at 2:48 p. m. yesterday and returned the \$6000 verdict against the county at 8:23 p. m.

## COUNTY ROAD OIL CONTRACT AWARDED

M. M. McCallen Refining Company was awarded the contract for providing road oil to the county today when the supervisors rejected the only other bid submitted on the grounds that it did not comply with specifications. The McCallen Company of Huntington Beach, will provide the three grades of oil at \$1.85, \$1.70 and 85 cents per barrel F.O.B. Huntington Beach. The other bid was submitted by the Standard Oil Company and called for prices of \$6, \$7 and \$9 per ton in tank cars and \$5, \$7 and \$9 per ton in tank truck lots F.O.B. El Segundo.

Highway Engineer A. A. Beard said that the Standard Oil Company bid did not comply with the specification that the oil be from an Orange county plant. This requirement, he said, provides for keeping the oil at proper temperature.

**MORE HEAT DESIRED**

WASHINGTON, Feb. 1.—(UP)—Two hundred students broke out the regimental band of the Roosevelt high school cadets last night with a sit-down strike against waltzes. The couples—young men in full dress regimental uniforms, the girls in dainty evening dresses—sat on the floor for 15 minutes until the orchestra played "snapper numbers." Orchestra Leader Jimmy Gantley said that the faculty chaperone had requested that he play waltzes and "stay away from the hotter music."

## BALL GOES ON WITHOUT GUEST OF HONOR LINDER

Amidst diamond-studded society hoopla, the Los Angeles Charity Ball went on last night without Goodwill Ambassador of the Year Award recipient and keynote speaker Freeman Linder. He was unable to attend due to the tragic shooting death of his wife on Sunday (see related story Page 2, Column 8).

Linder's absence didn't seem to dampen the spirits of the other 800 party-goers at the fifty dollar-a-plate, black-tie affair. Motion picture mogul Gaunt Rockwood served as emcee for the event, which was attended by local civic and social leaders.

Standing in for Linder was his long-time business associate and traveling companion Yukio Matsuyama.

Matsuyama, a Japanese businessman who immigrated to the U.S. in 1920, delivered a captivating speech about Linder's life-long love affair with the peoples of the Orient.

Linder, the 10th recipient of the award, has been active in Asian business and charities since 1900 when he was stationed in China as a marine. His business, Pacific Trade Associates, is an international import-export company devoted to the exchange of goods between the U.S.A. and Asia. After founding the company in 1922, Linder spent 13 of the next 15 years in Tokyo, Hong Kong, and Peking only returning home sporadically to see his family. Through this Asiatic association Linder has developed a strong tie with the languages and culture of the region. On his infrequent returns to Los Angeles, Linder has given almost all of his energies to Asian Charities. In fact, in a speech he delivered several years ago

## HEAVY RAINFALL SWEEPS COUNTY

**FORECAST**

LOS ANGELES AND VICINITY—Unsettled tonight and Wednesday with showers to night; moderate temperature with little change; moderate to fresh southwest wind, westerly on coast.

Orange county's heaviest rainfall for the season swept the area last night and early today, adding more than one inch to the seasonal totals in almost every community.

The only community where less than an inch of rain fell was at San Clemente where .97 of an inch was recorded, bringing the seasonal total up to 3.97 as compared to the 9.10 inches that had fallen

## RETAIN OFFICERS OF WATER COMPANY

Former directors and officers were returned to their places this morning when stockholders of the Santa Ana Valley Irrigation company met at the company office, South Glassell street, Orange. Directors automatically assumed former board memberships when it was found a quorum of stockholders has been present but once in the past 17 years.

C. A. Palmer heads the board as president and other directors are A. N. Saxton, I. L. Marchant, A. M. Robinson and D. R. Gardner. H. L. Haynes is auditor and members of the board of audit were John Dunstan, E. P. Stafford and S. W. Stanley. O. E. Mansur serves the company as secretary.

Mansur presented a report for the year's activities, stating that receipts had totaled 183,878.02. Wages totaled \$33,173.42 and the superintendent's payroll was \$17,493.46. W. A. Ralph, superintendent, submitted a detailed report of work of the company for the past year.

## Postal Receipts Break Old Record

Santa Ana post office set a new record in January when postal receipts struck a new all time high mark and, at the same time, set a record for the largest monthly gain for any comparative period.

Postal receipts for January, 1938, were \$15,950.21. For the same period in 1937 receipts were \$12,752.67 or \$3197.54 less than the amount recorded for this year. Prior to this year the largest amount recorded for January was in 1931 when receipts for the month amounted to \$14,106.17.

## Heir Apparent to the Stone

Is this picture of mother and daughter a prophesy that the famous Hope Diamond will continue to glitter at the threat of an Evalyn McLean in Washington throughout another generation? Evalyn McLean the mother wears the famous jewel at left, and at right Evalyn the daughter, prophetically similar in pose and appearance, seems suited to the role of heir apparent to the stone.

## FROZEN FRUIT CASE ENDS AS DEFENDANTS PAY \$300 FINES

Fines of \$300 each were assessed against Jerry Miller and Edward Mills late yesterday following their pleas of guilty in the now more or less famous Anaheim Frozen Fruit case. Immediately after pronouncement of judgment by Justice of the Peace D. T. Hayden, the defendants paid the fines.

Pronouncement of judgement against Western Fruit Growers, hearing is still to be set.

The case was called before Justice Hayden yesterday morning when a jury was to have heard the defendants' denial of charges that they prepared for market fruit above the 15 per cent frost tolerance allowed by law.

In a surprise move, however, the defendants changed their plea to guilty. The case was reviewed yesterday afternoon for the judge. He deliberated but a few minutes after hearing an hour and a quarter.

## BOMBS RAIN DEATH IN HONGKONG AREA

SHANGHAI, Feb. 1.—(UP)—Telephonic communication between Hongkong and Canton, and Canton and Hankow was disrupted today after reports of a severe Japanese airplane bombardment in the Canton area yesterday.

A refugee train from Hankow, due yesterday, has not arrived at Hongkong.

Canton advices last night said that 13 Japanese planes bombed Fatsang, west of Canton, with bombs reported to weigh as much as 500 pounds. It was asserted that many were killed. Earlier, forts near Canton were bombarded and Chinese reports were that more than 20 civilians were killed.

## House Speaker's Mother Is Killed

LOS ANGELES, Feb. 1.—(UP)—Mrs. W. M. Jones, 57, mother of William Moseley Jones, speaker of the assembly and chairman of the interim committee conducting vice hearings here, was killed today in a head-on collision of automobiles in Vernon, a suburb.

Wet pavement, due to the storm, was blamed for the accident. Mrs. Jones was riding with Mrs. Della Kissinger, who suffered severe concussion, cuts and bruises.

Mrs. Kissinger's automobile turned over, throwing both women to the pavement. Mrs. Jones died en route to the Maywood hospital. Henry Rudolph of Huntington Park, driver of the other car, was not held.

## Paul Wright On Stand In Own Defense

LOS ANGELES, Feb. 1.—(UP)—Paul A. Wright, 39-year-old aviation executive, today told a jury of nine men and three women how he went into a "white flame of rage" and shot his wife, Evelyn, 28, and his best friend, John Kimmel, 35, when he found them in a compromising situation in the Wright home last Nov. 9.

Five hundred persons jammed the courtroom of Judge Ingaill Bull and milled about the corridors as the slight, dark-haired former president of the city's largest airport testified.

**Wright Nervous**

He appeared extremely haggard as Defense Attorney Jerry Geisler began questioning him.

Geisler's first questions dealt with Wright's experiences as an artillery sergeant in the World War. Wright said he was gassed and his experiences during three months at the front caused him to be highly nervous and emotionally upset when he returned from France.

"I was very nervous, very emotional," Wright said. "I took things very seriously and did not like to talk about the war."

"I would talk in my sleep and I always thought that the nervousness was a weakness to be covered up."

Wright pleaded not guilty and not guilty by reason of insanity to the double murder charge.

If he is convicted as a result of the present trial, the same jury will hear the insanity trial.

## BEACH "SPIES" PLANT OYSTERS

Orange county's Japanese spy plot that sent Sheriff Logan Jackson and Deputy James Workman speeding to Newport Beach yesterday sent p-fist.

Someone called the sheriff's office and said that two carloads of Japanese were taking photographs of Upper Newport Bay, and expressed the fear that the photographs might be turned over to the Nipponese government.

The fact that there are no government works constructed on Upper Newport Bay and that the upper bay is navigable only by rowboat and canoe had no bearing on the case.

**Surround Suspects**

Sheriff Jackson and his deputy rushed to the scene and discovered the Japanese. They not only found the Japanese but discovered they had a camera. The only thing wrong with the picture was:

The Japanese were planting oysters in the upper bay: they had already obtained the sanction of the State Fish and Game Commission and they were accompanied by two inspectors for the commission. The inspectors were supervising installation of the oyster bed. Photographs had been taken but they were of the oyster bed to be used for locating the spot in the future when the little oysters became big ones and are ready for stews or cocktails.

## BREAK GROUND FOR ANAHEIM BUILDING

With officials of the city of Anaheim, Mutual Orange Distributors and the Union Pacific Railway in attendance ground was broken this morning for the new home of Cal-Juices Inc. The site is north of Anaheim. Two hundred persons were present.

Among those present were Bruce McDaniel, general manager of the M.O.D.; E. E. Isham, field manager, J. H. Strait, president of M.O.D.; Mayor Charles H. Mann, Eugene Durfee, architect; A. A. Murphy, Frank Strong, W. A. Shook, all officials of the Union Pacific, the latter district agent here.

E. L. Hackley, president of Cal-Juices, turned the first shovel of dirt and immediately following the ceremony excavating work was started.

In his talk McDaniel said that the juice project will give growers complete control of their product and said that they will be in a better position to compete with other districts.

## Heavy Slides Hit Carmel Highway

SACRAMENTO, Feb. 1.—(UP)—Heavy slides at San Carpo creek near the San Luis Obispo Monterey county line, have closed the Carmel-San Simeon coast highway, the state division of highways reported today.

U. S. Highway 50, the Placer-ville-Lake Tahoe highway, was closed by snow at Echo Summit Engineers said the road will be closed at that point until spring.

## VETERAN OF SENATE SAYS 'WORLD MAD'

WASHINGTON, FEB. 1.—(UP)—Sen. William E. Borah, R., Ida. interrupted a momentous senate debate on foreign policy today to warn the administration against repetition of "the very things that brought on the World War."

The veteran Idahoan, former chairman of the foreign relations committee, pointed with concern to recent statements and events in both Great Britain and the United States which he said gave other nations the impression that there was a tacit alliance or understanding between the two countries.

The world "Gone Mad"

The world, he said, "has gone mad" partly because of the impression given that these two nations are building up their naval armament as a result of joint consultation.

"These," Borah cried, "are the very things that brought on the World War."

Borah, Sen. Hiram W. Johnson, R., Calif., Chairman Key Pittman, D., Nev., of the senate foreign relations committee, and Sen. J. Hamilton Lewis, D., Ill. joined in the significant debate at the opening of today's session.

It followed the statement of Admiral William D. Leahy before a house committee that international conditions are more threatening now than at any time since 1913. Leahy urged enactment of President Roosevelt's national defense expansion program and said that if Japan is building 43,000-ton battleships the United States will probably do the same.

Pittman defended the admin-

## 37 MAROONED AS SNOW BLOCKED ROAD

STOCKTON, Calif., Feb. 1.—(UP)—Thirty-seven persons, most of them students or members of the faculty at the College of the Pacific, who were marooned today in Pinecrest, Sierra Nevada mountain range, by heavy snowfall that accompanied storms general along the Pacific coast.

Since the refugees had a telephone to the outside and a hotel and cabins in which to stay their situation was not regarded as serious. Snowplows were working toward Pinecrest, attempting to reopen the highway.

A chartered bus took \$3 persons from the College of the Pacific to Pinecrest yesterday morning but the bus found its way blocked when it attempted to return. The others marooned were Bessie Fraser, Barbara Owen, Mary Day Martin and Harriet Wooley, all of Stockton, whose ages ranged between 18 and 22. They were isolated in a mountain cabin near Pinehurst.

## Jimmie Fidler ...in Hollywood

HOLLYWOOD, Feb. 1.—Star teams are the surest money-makers in Hollywood. Bill Powell and Myrna Loy—as a duo—are far more popular than either one is alone. Fred Astaire and Ginger Rogers consort with one another as harmoniously as bread and butter, while Fred, on his own for the first time in "Damsel in Distress," comes too close a cropper for comfort. MacMurray and Lombard, Laurel and Hardy, MacDonald and Eddy—those are all names to conjure with—as long as they are linked on the theatre marquee. Janet Gaynor and Charles Farrell—as a team—were worth millions. After they were separated, Janet went into a decline and Charlie vanished from the screen.

The priceless ingredient in every such combination seems to be the personal harmony between the co-stars. Gaynor and Farrell were in love, consequently their love scenes were believable and appealing. All of the other great team combinations have been based on personal friendship.

And that is exactly why I cannot understand the continued eaming of Ann Sothern and Gene Raymond. Ann is a grand little actress, Gene, to the majority of fans, is an appealing personality. Either one, alone, would have a chance to reach the top. Together they are a dismal loss. I do not profess to like one another more thoroughly than any two co-stars in screen history. Keeping them together comes under the general heading of senseless cruelty.

Today, sitting in the Twentieth Century-Fox cage, I watched the parade of the extra girls and bit girls. Somewhere in the background an orchestra should have been playing "The Wedding of the Painted Doll." Some are blondes, some are brunettes, a few are red-heads; some are short, some are tall, some are neither short nor tall—but each wears the same make-up, the same style of dress and the same general atmosphere of artificiality. They look like nothing so much as mannikins stamped but by a machine. While watching one of the studio's scenic artists and I tried to decide why they all conform to a single pattern... and gave up the task after making a few minor observations. For one thing, each one plucks her eyebrows in exactly the same "exotic" fashion and, as a result, each one has an expression of wide-eyes surprise.

When Sonja Henie and Tyrone Power—until a few weeks ago the most publicized sweethearts in Hollywood—met in the studio cafe, a hush settles over the room. Everyone leans forward and does everything but cup an ear in the effort to hear any conversation between them. We are not really romantic, but, by heaven, we are the most curious, interfering, gossip-minded people that ever lived. But every day the meeting occurs—and every day we have listened

## Court Notes

W. A. Curtis and Louise Carr, Allan Powelson were on trial today before a jury in Superior Judge H. G. Ames' court, charged with grand theft of \$700 from Mrs. Florence Risk, Tustin widow, to whom they allegedly sold worthless New Mexico oil leases.

Three divorce suits were on file today in superior court. Mrs. Laurette A. Virgo charging Bramwell Virgo with desertion; Fred Beverly accusing Mrs. Gertrude Beverly of cruelty; and Lee A. Fisher making similar charges against Mrs. Thelma Fisher.

The late Claude H. Maret, 30, of Santa Ana, who died January 16, left residential property valued at \$2550 to his parents, John and Emma Maret, of Santa Ana, it was shown when his will was filed for probate in superior court. He intentionally omitted his estranged wife, Pearl Maret, 29, the will stated.

## REALTORS PICK METER GROUP

Investigation of the feasibility of parking meters for the city of Santa Ana was under way today as Earl B. Hawks, president of the Santa Ana Realty Board, announced the appointment of W. F. Croddy, W. B. Martin, and Mrs. Ann Thompson on a committee, authorized by the board last Friday.

Croddy, member of the city planning commission, who heads the committee, termed the parking situation "acute" and made the motion acted upon by the realtors for the inquiry.

## Eight Women Vie For Jaysee Posts

Balloting for second semester Women's Athletic Association officers at Santa Ana Junior college continued today as eight women students vied for the four posts. Voting was conducted both yesterday and today in the women's physical education classes. President Helen Lowe announced.

Nominees given voted upon by Elaine McReynolds and Irene McFarland, running for president; Mary Ann Low and Peggy Paxton, for vice-president; Eleanor Brady and Betty Neff, secretary, and Irene Noble and Thelma Marks, treasurer.

The new officers will replace Miss Lowe, president; Anne Wetherell, vice-president; Mary Henderson, secretary; and Roberta Nichols, treasurer. New sports managers will be named to replace Mary Ann Low, basketball; and Irene Noble, tennis.

## Aid for Army In Crossing the Delaware

An important link in the military highways threading the east, the \$2,500,000 toll bridge across the Delaware river between Easton, Pa., and Phillipsburg, N. J., offers a new short line to the steel and coal regions of Northeastern Pennsylvania. The illumination that silhouettes the steel work above is said to make the bridge one of the best-lighted in the United States. Vapor lamps prevent both glare and shadows at night.

## G. O. P.-BOURBONS RAPPED BY SOLON

(Continued From Page 1)

to the consumer, said Senator Rochester. "The sweat of your brow is no longer a source of wealth," he declared, referring to the displacement of labor by machinery. The machine, he said, concentrates wealth in a few hands.

**Raps Machine Age**  
U. S. Department of Labor statistics, he said, show that steam machinery permits 4,000,000 men to do the work of 21,000,000; that electrical machinery enables 10 men to do the work of 100 men using steam; 2,500,000 farmers, with machinery, can do the work of 12,000,000 farmers.

In 1929, he said, we were producing only 89 per cent of our capacity, but even then produced 67 per cent more than we could consume.

Blaming a maladjustment of wages as the cause, the speaker quoted figures of Personal Research Federation to show that from 1910 to 1930 the population increased 86 per cent, but wages increased only 6 per cent.

"We produce goods at a higher rate than we produce the income to buy those goods," declared the senator.

Reviewing the steps taken, first by Hoover and later by Roosevelt, to meet the conditions of panic, the speaker declared both had failed to touch the cause. The present administration proposals for tax reform, crop control and governmental reorganization will not solve the problem, he said. Taxes can't be reduced when are 11,000,000 to be fed, he said. The declaration of the Republican Glenn Frank for an economy of plenty is no nearer the mark, he said. "They tell you what is needed, but they don't tell you how to get it," he said. "We had so much of everything in 1929 that we almost starved."

**"New System Needed"**  
A new monetary system must be found, he declared. "So long as we allow the 16,000 privately owned banks, having 500 billions more in credit than there is currency, to regulate our monetary system, we can never allow all to participate in the wealth of our country," he added. "A new medium of exchange in conformity to our ability to produce is the answer."

Samuel Hart introduced Senator Rochester to the group, explaining that he had known the senator since the latter's boyhood. President F. E. Roosevelt, of the association, presided over the meeting. Secretary J. C. Metzgar introduced various guests, including Secretary Newman of the National Breakfast club, of Glendale, which is also an organization of home-owned business. Secretary Newman spoke briefly on the growth of that organization, and how it is meeting problems of the home-owned business.

Others introduced included Sheriff Logan Jackson, County Treasurer T. E. Stephenson, Assessor James Sleeper, Auditor W. T. Lambert, Mayor Fred Rowland and Councilmen Joseph Smith and Ernest Layton of Santa Ana; City Judge J. G. Mitchell; Secretary Howard I. Wood of the Santa Ana Chamber of Commerce; Mrs. Marie Gotthard, secretary of the Santa Ana Realty Board, and Attorney Arthur E. Koepsel.

**Sleeper Applauded**  
Assessor Sleeper, called upon for remarks on the "courtroom phantoms," drew applause when he referred to the harm done the community by "unsupported and vicious charges" and expressed the hope that the county grand jury would fully report its investigation of such charges.

Referring to accusations against him from Supervisor N. E. West, whom the grand jury recently charged with misconduct in office, Sleeper declared that he "has handled \$16,000,000 in public funds since he came into office, and has accounted for every cent of it."

### BEGINS HIS TERM

Arrested at San Clemente, Frank Brighton, 48, San Pedro cook, was booked at county jail yesterday afternoon to begin serving a 75-day term. John Holcomb, 37, Fullerton, also was booked, to be held for violation of his state parole.

## IDENTICAL BIDS ARE PRESENTED COUNTY

For the second time identical bids were submitted to the board of supervisors today for construction of disposal sumps and casing for the wells in the West Street Conservation Basin.

Bids for construction of the disposal sumps were submitted by Robert Arundell, Charles Wilson and Walter O. Hill. Bids for installing the casing were filed by the State Steel Products, Inc., and Southern Pipe and Casing Company. The bids were referred to Flood Control Engineer M. N. Thompson for checking and report at 2 p. m.

## COLD WAVE IN EAST IS BELIEVED ENDED

dropped to a few points below freezing.

**Colder Tonight**  
Lloyd said it will be colder tonight in all states east of the Alleghenies but will warm up again Wednesday.

Montana, Wyoming, Nebraska, the Dakotas, Minnesota, Iowa, Kansas, Missouri, Michigan, Illinois, Indiana and Ohio reported zero or sub-zero readings last night. Temperatures were slightly higher in all of the states today. Lloyd said they will continue to rise.

The lowest 24-hour reading was recorded at White River, Ont., where it was 50 degrees below zero. Other temperatures included: Devils Lake, N. D., 18; Fort Myers, Fla., 80; New York, 29; Chicago, 12; Kansas City, 5; Grand Rapids, Mich., 10; Bismarck, N. D., 16.

**100 MAROONED BY SNOW STORM**  
DETROIT, Feb. 1.—(UP)—Rescue parties with snow plows, snow shoes and skis struggled in 40 below zero wind blasts and towering drifts today to reach more than 100 persons isolated in two logging camps and a homestead in the upper peninsula woods.

A high-powered snow plow and two trucks had forced their way three miles since yesterday morning in an attempt to reach 60 lumberjacks stranded at the Victor Makela camp 13 miles west of Big Bay. Seven miles of drifts eight to 12 feet deep lay ahead.

An unknown number of men were marooned at Carey's Camp on the Silver Lake road 11 miles south of Midway. Two miles farther north a family was snow-bound on their homestead.

K. I. Sawyer, road commissioner superintendent at Ishpeming, said temperatures in the area ranged from 10 below along the shore of Lake Superior to 40 below at Gwinn and Republic.

## Pajama 'Parade' Results As Toy Catches On Fire

A pajama parade in the rain last night was not a lark to the Arthur Nielsen family of 818 Louise street, but was the result of a Christmas present.

On Christmas Day Donald, young son of the Nielsens, was overjoyed to find a wood-burning set among his presents. Today Donald has no set because he left the electric plug in the set turned on.

Shortly after eleven o'clock last night, the family noticed smoke and hurried to investigate. The set had burned and caught fire to the davenport and carpet. Clad only in pajamas, the Nielsens carried the furniture out in the rain and the fire was out. Damage was estimated at \$25.

## BOUNCING BABY GIRL

NEW YORK, Feb. 1.—(UP)—Helen Melneck, 10, climbed onto a fifth floor railing, slipped and fell down the well to the first floor. She landed nearly in a baby carriage, bounced several feet and landed again. Her injuries were superficial.

Fourteen thousand factories in London still use gas for light and power.

## 4 INSTRUCTORS NAMED TO AD TRADE COURSES

Approval of four instructors for trade extension classes to be started shortly in connection with the Santa Ana adult education program was voted by the board of education last evening, following recommendation of the four by W. W. Wieman, who will supervise the trade and apprentice instruction; also by the local committee on the project, including Therman Means, contractor, and Goodrich W. Bassett, secretary of the Orange County Builders Exchange.

**Twice Each Week**  
I. B. Anderson, instructor in carpentry; Harry Becker, instructor in electrical work; Harry R. McCoy, of Tustin, instructor of sheet metal work, were three of the instructors approved. A fourth will teach plastering.

Classes will be conducted twice a week, Wieman said last night. The trade extension classes for craftsmen already in the trades will be organized first, the apprentice classes to be started later in the spring.

Wieman was asked whether the instructors are members of unions. I pointedly didn't inquire into that," he replied.

## HEAVY RAINFALL IS RECORDED IN COUNTY

(Continued From Page 1)

at this time last year.

**1.25 For Santa Ana**  
Santa Ana received a total of 1.25 inches during the storm. The heaviest rainfall was recorded at Olive where two inches fell bringing the seasonal total up to 5.88. Last year at this time Olive had received .85 inches.

The rain at San Juan Capistrano reached almost cloudburst proportions, according to reports from that area. Starting shortly after 1 a. m. today the rain continued there until 1.75 inches had fallen at 7 a. m. Indications were that more rain would fall in that area during the day.

**FIRST STORM OF SEASON WELCOMED**  
LOS ANGELES, Feb. 1.—(UP)—Southern California was drenched by the first heavy rainstorm of the season today. Streets were flooded, traffic tied up, landslides endangered lives and low areas were inundated.

A light rain fell in Imperial Valley, endangering truck crops. The storm, starting with a sprinkle shortly after dark last night, increased in volume until after midnight when a downpour set in that registered 2.43 inches by the time the clouds broke just before dawn.

**Below Normal Fall**  
The rain brought the season's total here to date to 7.44 inches, still slightly below expected normal which is 7.89 inches.

The total rainfall at this date last year was 9.98. The storm was general throughout Southern California, ranging from .02 of an inch at San Diego to 3.37 inches at Santa Barbara. L. H. Daingerfield, government meteorologist, issued a forecast for unsettled conditions tonight and tomorrow, with more rain tonight, accompanied by seasonable temperatures and moderate to fresh southwest wind, westerly on the coast.

## PROFESSORS JAILED

TOKYO, Feb. 1.—(UP)—Police in a series of raids at dawn today, arrested a score of university professors on the suspicion that they were affiliated with left wing elements of the popular front. They arrested also Sato Watanabe, a member of the Social Mass party.

## Believe Transient Hurt by Santa Fe Train To Recover

In spite of the serious injuries to Thomas Feeley, 50, transient, who was carrying a camp outfit last Wednesday night in Fullerton when he stepped in front of a Santa Fe train, he was reported improved at county hospital today.

Feeley's right arm was so badly mangled amputation was necessary, officials reported. According to officials, he either became confused and staggered onto the tracks or deliberately tried to take his own life.

Some said he apparently was trying to board the train, others asserting he was waving a quart of whiskey above his head and was intoxicated. At first his life was despaired of, but now it is believed he will recover.

### BRIDGE CLUB MEETS

NEWPORT BEACH, Feb. 1.—Members of the 2:30 Bridge club were recent guests at the home of Miss Patty Whitson on Miramar drive. Miss Juanita Lugo was co-hostess for the occasion.

The meeting of the D. F. card club scheduled for this evening at the home of Mrs. Roy Page in Newport Heights will be held next Tuesday at the home of Mrs. C. C. Wyers on Court avenue.

### GOVERNORS GET BIBLES

SPRINGFIELD, Mo. (UP)—A women's church club here has sent Bibles to governors of the 48 states and asked that they be read daily in the state penitentiaries.

## RENT LOWERED FOR ARMY ENGINEERS

Members of the board of supervisors today approved the tentative request of C. E. Spencer, representing the Army engineers, for a reduction of rent for quarters now occupied by the engineers.

Spencer said that the reason for the request is that the engineers had almost completed exploration work on the dam sites for the county's \$15,000,000 flood control program and are forced to reduce their staff and expenses until the next fund apportionment is made probably in August.

He said that it might be necessary for the department to cease operations here altogether until the apportionment is made if sufficient economies cannot be effected. The board indicated a willingness to cut the rent as much as 50 per cent.

On motion of Supervisors Harry Riley, Dr. W. L. Bigham and Anahel was reappointed chairman of the Orange county planning commission.

## DR. S. W. WALLACE TAKEN TO COURT

Two counts of petty theft were charged against Dr. S. W. Wallace, Santa Ana, today of 624 South Broadway, when he was arraigned before Justice Kenneth Morrison here today.

H. A. Bradley, one complainant, alleged the doctor took \$20 worth of dental gold and plating, while John Hunt charges he lost \$70.50 in labor, to the dentist.

Dr. Wallace was ordered to appear before Judge Morrison Thursday to answer to the arraignment and make plea.

## FEAR PRIVATE WAR IN ALASKAN WATERS

(Continued From Page 1)

tween American and Japanese fishermen and "is more likely to result in war than any other event." Diamond told the house merchant marine and fisheries committee.

**"Treaty Violation"**  
A treaty to end "poaching" in Alaskan waters would "settle precisely nothing," Diamond said, as hearings began on his measure to preserve the \$40,000,000 annual catch from depletion by unregulated fishing. Other witnesses were prepared to present photographs of Japanese "floating canneries" dropped with nets.

"One must be an optimist indeed even to be able to hope that any treaty with the Japanese is worth the paper on which it is written," he declared.

**Defends Proposal**  
He argued in defense of his bill under international law and accused the Japanese of disregarding the regulations by which the United States assures a sufficient run of salmon up the rivers to maintain a continuing supply.

The Diamond bill would permit the President to declare a "salmon fishery enforcement area," anywhere in a wide triangle stretching from the Alaskan mainland and the Aleutian islands to the Russian boundary in the Bering sea, where foreign vessels were found to be catching salmon in disregard to the rigid United States regulations, in such an area, American officers might seize vessels and hold them until reparation is made.

### NOT THE REAL THING

NEW YORK, Feb. 1.—(UP)—A 25-karat, synthetic emerald-green stone, almost matching the natural emerald, was on exhibition today at the American Museum of Natural History. The imitation, called "Ignealard," was created in Germany by a secret formula. It has the Hexagonal symmetry and color of the natural emerald.

### JUST AN ACCIDENT

CHICAGO, Feb. 1.—(UP)—Detective William Stahl stepped into a tavern Sunday night, was ganged by five men, shot once and stabbed six times below the heart. Police arrested Leonard Wanderski, 28. Today he admitted the stabbing but said it was accidental.

## SUMMARY OF SCOUT WORK SCHEDULED

Scouting for the past year in Orange county will be summarized at Costa Mesa tonight and plans for extension of the organization will be completed when members of the Orange County Boy Scout Council hold their annual meeting.

The meeting will be held in Community Church and be preceded by a dinner to be served at 6:30 o'clock. Col. M. B. Wellington, president of the council, will preside during the dinner, and the business meeting and election. Executive Harrison White will read the annual report showing the addition of seven new troops to the organization in the county to bring the total Scout strength up to 1608 boys.

Extension of Scouting through a program of publicity and educational gatherings will also be outlined.

## Newlyweds: She's 66; He 34

Although Alessandro Gagliardini is only 34, for 15 years he has been a suitor of 66-year-old Mrs. Bennett Clay Jefferson, wealthy divorcee, pictured leaving St. Patrick's Cathedral in New York after their marriage. The bridegroom is an employee of several business firms in Rome. "She is as young, if not younger, in spirit as I am," he staunchly defended their May-December romance.

## Engineers Design New Type Engine

ERIE, Pa., Feb. 1.—(UP)—A steam electric locomotive which may revolutionize railroad transportation by having steam generate electricity as a motive power, is being tested by General Electric engineers.

The new type of locomotive is being developed for the Union Pacific railroad for use in the west, probably between Omaha and Los Angeles.

Engineers at the General Electric plant here are proceeding slowly and secretly with construction of the first unit of the two units to be built. As they become more familiar with the principle of the locomotive, work on the second unit is expected to progress faster. Engineers believe it should be able to haul a 1000-ton train.

### GLOOMY BUSINESS

KANSAS CITY, Mo., Feb. 1.—(UP)—Mrs. Mary Bauswell was on the verge of closing up shop today. Her business has been dull since long before the recession.

She owns the Kansas City dog and cat undertakers and she said she had performed last rites for only five dogs and one cat since she started operations last summer.

A wheat grain is fifty per cent water.

## LINDER ABSENT FROM AWARDS FETE

(Continued From Page 1)

Linder said that he felt closer to his adopted Asian families than he did to his own. During his extended absences his wife had served as director of the Asian-American School and Cultural Center, the largest institution of its kind in the United States. Linder started the school in 1925.

Mr. Matsuyama spiced his delivery with accounts of Linder's exploits during his early days in the Orient. As a marine, Linder took part in the Boxer Rebellion in Shanghai in 1900. In 1904, he returned to the States and tried to fit into the coat-and-tie working world. However, his adventurous lifestyle lured him back to Hong Kong where in 1907 he was rumored to have contracted as "for hire" mercenary. In 1910, he returned home to marry and start
